(Required)

#### Candidate Questionnaire

Please feel free to explain your answers on a separate page, if needed.

1) Do you view charter schools as public schools?

Yes  No

2) Are NC charter schools currently held to satisfactory levels of financial accountability and transparency?

Yes  No I believe more accountability & transparency is needed across the entire public system

3) Do charter schools "drain" funding from district schools?

Yes  No

4) Should charter schools receive funding to pay for their buildings?

Yes  No *\* Via referendum or lottery the same as public*

5) Would you support reinstating the cap on the number of charter schools allowed to operate statewide?

Yes  No *\* As long as each maintain the same min req of all public schools*

6) Should NC charter schools receive the same local and state funding as district schools?

Yes  No

7) Would you favor North Carolina moving to a weighted student funding model? In this model, the state would fund students based on their needs.

Yes  No *\* I would need further data but always open if it means improvement*

8) Please mark whether you believe charter schools should have flexibility in the following areas:

Should charter schools have flexibility over the school calendar?

Yes  No

Should charter schools have flexibility over curricula?

Yes  No *\* As long as state mins are met*

Should charter schools have flexibility over teacher evaluation?

Yes  No *\* As long as state mins are met*

Should charter schools have flexibility with regard to hiring/teacher licensing?

Yes  No *\* As long as state mins are met*

Should charter schools have flexibility over day-to-day programming/operations?

Yes  No *\* As long as state mins are met*

Should charter schools have flexibility over student grading?

Yes  No *\* As long as state mins are met*
